

Creations Unlimited

in partnership with **Front Range Jewelry**

Fashionable custom jewelry by Carmel artists. Our artists are individuals with developmental disabilities who express their abilities and talents through creating unique pieces of beautiful jewelry.

These amazing handcrafted bracelets, necklaces and earrings are available to purchase or have custom made to suit your style and preferences. Our pieces can be seen in

local boutiques, retail shops and community events all along the Front Range of Colorado.

All profits support individuals with developmental disabilities. At Carmel we enrich lives, provide quality supports and services and genuinely connect with those we serve.

Visit www.carmelcorp.com for more information about who we are, what we do and the services and supports we provide.
